There was a dramatic tinge to the trial of the Anson county lynchers at Monroe, N. C., yesterday when the daughter of Sheriff Bogan told of the raid on the jail and pointed out members of the mob; Henry D. Not enough men in the Democratic party are saying and doing things so that the people can know whether they would make good nominees for President or not.

In one of his books President Roosevelt shockingly boasts of killing the last noble elk in his county. If he were in Philadelphia this week the Elks would sew him up.

It comes from fashion circles that the "Teddy bear waist" is about to be introduced as a part of the toggery of women. Doubtless this means that women who wear Teddy bear waists will have bare arms.

It is said that the price of diamonds coming down. Most people, however, are not so much interested in the diamond quotations as they would be in a bear movement in the price of beef.

They ought to restore the name of Jefferson Davis to the Cabin John bridge at Washington for the reason that it ought to be there, and if not for that reason, it should be done in order to give us a rest.

"Harriman is again quiet," says a contemporary. He had better keep quiet. First thing he knows, he will be accused of being the originator of the movement to scare up a war with Japan so those "Harriman lines" could haul our soldiers and war material.

A woman's husband may be the biggest man in the country, but his wife thinks that it is as little as he can do to bring her a spool of thread from down town and move her trunk from one side of the room to the other every three or four days.

An Asheville dispatch on Monday says: "Dr. Arthur Pritchard, of Asheville, son of Judge J. C. Pritchard, of the Federal Circuit Court, has been appointed assistant surgeon of the Southern Railway Company for this district or division." For propriety's sake, the young man should decline the appointment. Some people might misunderstand it.

WORK IS FINISHED

County Board of Equalization Completed Labors With Wilmington Assessment.

WRIGHTSVILLE BEACH TO-DAY

Property at Resort Will Be Visited and Valued For Taxation After Personal Inspection—Number of Changes Yesterday.

With the exception of placing the tax valuation on property at Wrightsville Beach, for which purpose the body will make a special visit for a personal inspection of the property this morning, leaving the city at 7:30 o'clock, the County Board of Equalization yesterday completed its labors and the tax values of New Hanover are now just as they will appear on the books of the sheriff for collection next Fall, with the possible exception of the correction of any clerical errors that may occur. The Board has been quite diligent in its work and it is estimated that the taxable values of the county have increased from one to one and a half million dollars. In reaching the new assessment it has been the object of the board to so fix values that the burden of taxation will fall equally on all. The rate was tentatively fixed at the first meeting in July at the same as last year, but the Board expressed the hope at the time that when the new assessment was completed, it would be able to make a slight reduction from last year. This will make the increased values on property not fall so heavily on the owners. The rate will be definitely fixed at the first meeting in August, if not sooner, in order that the computation of the books may be carried forward without delay.

The Board met yesterday morning at the usual hour with all members in attendance, Col. Walker Taylor being present as the assessor from Wilmington township, in place of Capt. Louis Belden, who is confined to his home by illness. There were comparatively few complainants before the Board during the day, which is construed to mean that all are satisfied with the assessment of their holdings as originally fixed by the assessors. The following changes, however, were made:

L. Hanson, Block 29 and 30, reduced from $7,500 to $6,900.

Kidder Lumber Company's property, reduced from $15,000 to $12,000.

Sol. and Julius Sternberger, store in Red Men's block, reduced from $8,500 to $7,750.

Hanover Seaside Club, property on Carolina Beach, reduced from $300 to $100.

Consolidated Company, valuation on sub-station on Wrightsville Sound and Lighthouse fixed at $4,000.

J. H. Hinton, valuation on Orton Hotel reduced from $65,000 to $60,000.

At the afternoon session the following changes were made: Matt J. Heyer, valuation of Southern Building increased from $47,500 to $50,000. Jas. F. Woolvin, valuation of Old Court House property increased from $8,000 to $12,000. Delgado Mills property decreased from $150,000 to $125,000.

The Board adjourned to meet this morning on Wrightsville Beach, when a personal inspection of all property will be made and entirely new valuations will be arrived at. Messrs. J. A. Biddle and Owen Martindale were excused from acting for the day as they found it inconvenient to make the trip at so early an hour.

Hook and Ladder Station Sold.

Acting for the Fire Committee yesterday at noon City Attorney Marsden Bellamy, Jr., at the Court House, sold the present station of the hook and ladder company on Dock street at auction, the proceeds to be devoted to the building of the new station for the hook and ladder and chemical engine on Fourth, near Dock street. The property was bid in by Herbert McClammy, Esq., for $4,050. The sale is subject to confirmation by the Board of Aldermen and Board of Audit and Finance and it is understood that the bid will be raised the 10 per cent required by law. P. Q. Moore and Messrs. Chas. and Martin Schaibben were the only other bidders. The property is 66x75 feet in size.

Branches Should be Cleared Up.

Complaint has been made to the newspaper offices and elsewhere of the delay in clearing from the streets limbs and branches torn from trees by the severe wind storm here a week ago yesterday. It is pointed out that these limbs have been trimmed up and left in piles on the streets and it is represented that they are a fruitful source of mosquitoes and disease. Some of the instances cited are on Sixth, between Castle and Wooster streets, and on Fourth, beween Nun and Church streets. Inquiry was made at the office of Messrs. Woolard and Furlong as to the apparent delay in this matter. It was stated that much of the green stuff had been moved that day and that the evil complained of was being remedied as speedily as possible; that the storm was naturally an emergency which no one could foresee and that all places would be attended to as quickly as possible.

Improvements in Mayor's Office.

Handsome furniture in golden oak has arrived and will be installed in a few days in the Mayor's private office at the City Hall. This has been needed a long time. The furniture consists of a large oak desk for the Mayor's private use, a long table and twelve easy chairs to be used at the table for conferences of the Board of Aldermen and other bodies of the city government. The Mayor also has a leather upholstered couch which will occupy a place in the general setting of the furniture. The room occupied by the Mayor as an office will be nicely fitted up and Chief Williams will be given headquarters toward the front of the room to one side behind an oak finished glass partition. This will bring the executive branches of the city government together and will result in much better dispatch of the public business.

Inquiry for Relatives.

The Mayor has inquiry from Mississippi for relatives of Harmon or Abner Eason, brothers who were residents here in the forties or fifties. It is stated that they have descendants living in Eastern North Carolina, and if there are such the Mayor would be glad to communicate with them for the sake of informing a relative who desires to know something of his maternal ancestry.

AUDIT AND FINANCE

Regular Semi-Monthly Meeting of The Board Held Last Night at City Hall.

CONSOLIDATED FIRE HOUSE

Architect Bonitz Instructed to Proceed With Plans for New Building Under Direction of Market Committee—Proceedings.

At the regular semi-monthly meeting of the board of Audit and Finance, which continued two hours at the City Hall last night and upon which Chairman McQueen and all members were in attendance, the plans for the consolidated market and fire house which will be built under the direction of the Market Committee of the Board of Aldermen at a cost of $8,000 at Fourth and Campbell streets, were exhibited and Architect H. E. Bonitz was instructed to complete the specifications and call for bids for the new structure; the superintendent of streets was restored to his former salary of $900 per year with feed of his horse, several bids for materials to be used in the repair of the streets were accepted and a large amount of routine business was dispatched.

The meeting was called to order shortly after 8 o'clock and after the minutes of the previous meeting were read and approved unfinished business was taken up. The appropriation $110 per year for the maintenance of the city's half of the playgrounds for children which it was proposed to establish on the Court House property, was discussed at some length and finally deferred for action. The members of the Board seemed to think the grounds if opened to the children would not be made use of. It was also expressed as an opinion that if the city is going to expend money for park or playground purposes, it would be better to accept the proposition pending for a donation of a part of the Carolina Heights property. For some reason this proposition has never come officially before either of the two boards.

The recommendation of the Aldermen at their last meeting that the salary of Superintendent of Street Pickett be increased to $1,000 per year in view of the fact that the repair work had been again placed in the hands of the Streets and Wharves Department and that a foreman at $2 per day be retained also, was brought up under unfinished business. The salary of the superintendent had been entirely cut off and only the foreman had been provided for in the budget, Mr. Pickett having nominally filling that position in connection with the duties as superintendent. Mayor Springer came in about this time and explained the increased duties required of the superintendent in connection with the repair work. It was decided after discussion of some time to restore the salary of the superintendent to $900 per year, but not to have any foreman at $2 per day, the superintendent to combine the duties with his own, which were considered lighter in view of the fact that no permanent work is now being done under this department. The restoration of the salary was made effective July 1st.

For the 'steenth time the Board again tackled the problem of awarding the contract for feeding the city prisoners. The arrangement as entered into by the Aldermen was confirmed.

Bids for street material were taken up as they came from the Aldermen in view of the fact that the repairs are now to be done as before. Contract for macadam was awarded to C. H. Dock at $1.30 per ton as formerly, the contractor to make all arrangements as to royalty and the city assuming no responsibility in this regard. It was ordered that the city attorney properly safeguard the contract as to the royalty, which is six cents per ton. Contract for lime, cement and pipe was awarded to Roger Moore's Sons & Co., for brick to Hooper & Flynn, and for curbing to J. T. Wyatt, of Faith.

Bond of Consolidated Company in the sum of $5,000 for the city lighting was tendered and accepted with Hugh Mac Rae as surety.

The request of the Street Commission to be provided with a competent clerk and engineer and to fix salaries of same was deferred on the ground that there is now nothing for the Commission to do.

The Mayor was asked to call the Sanitary Committee together and arrange with Messrs. Woolard & Furlong for the further use of the city teams on their contract for removing the city garbage.

Chairman Rathjen, of the Market Committee, was present and addressed the Board with reference to the consolidated fire and Market house. He presented Mr. H. E. Bonitz, the architect, who submitted plans for a very substantial and attractive structure, estimated cost, $7,936.85. The Board informed Mr. Rathjen that if the work could be done inside the appropriation of $8,000 to proceed at once with the completion of the plans and to call for bids for the contract. Chairman Rathjen stated after the meeting that bids would be called for the last of the week and that the committee, composed of himself, Aldermen W. King and J. A. Karr, would be prepared to make report to the Board of Aldermen at its first meeting in August. The building will take place of the two unsightly and inconvenient structures now at the location.

The building will run along Fourth street front 75 feet and extend along Campbell street 60 feet. Immediately on the corner will be the fire station, 30x60 feet in size, two stories high, and imposing tower in front, presenting quite a neat architectural effect. The first floor will be paved with creosoted wooden blocks laid in cement and the second floor will be nicely fitted as quarters for the men with bath and toilet accommodations conveniently arranged. The market house will face Fourth street and will have a large central arch and on each side will be two stories, 16x16 feet in size, the whole lighted with sky lights, doors and windows on two sides with metal framing, so that the structure will be fire proof. The building will be of high class brick, fire proof, the finish being Flemish bond with black headers and Limestone trimmings. It will be a handsome structure and will vie with the consolidated engine house to be built on Fourth, near Dock street.

Before adjourning last night the Board stated to Mayor Springer that it would construce curbing in limited quantity and drainage pipe as under the head of material for repair work. It was feared that this could not be purchased out of the $5,000 appropriation as it would be regarded as permanent work which can only be done by the Street Commission.

The Board also approved a bill of $200 for Architect Chas. McMillen for the plans for the new fire station at Fourth and Dock streets. The bid of Mr. R. H. Brady at $7,500 for building the station was presented but was not taken up as it has to go first to the Board of Aldermen for approval.

TWELVE YEARS FOR BLACK

Young Man Sentenced for Killing in Wake County Last April—More Loans for Education—Fire in Drug Store.

(Special Star Correspondence.)

Raleigh, July 16.—Rowden Black, the young man who on yesterday submitted in Wake Superior Court to the charge of manslaughter in the killing of Marshall Rowland, at Holly Springs, last April, was today sentenced to twelve years in the penitentiary by Judge B. F. Long. A number of character witnesses from the Fayetteville section were examined this morning for Black, all giving him a good character. Black is only seventeen years old. He shot Rowland when the latter had come to him to demand satisfaction for his having slapped his little brother for not getting whiskey for him.

A fire was discovered in the store of the Tucker Drug Company, on Fayetteville street, early this morning but was extinguished before any damage was done except in the way of smoke.

The State Board of Education held a conference today and approved loans to various counties, aggregating $18,925 for the improvement of public school houses, the loans guaranteeing just twice that amount to be expended for this purpose. The counties and the amounts loaned are: Lincoln $2,500; Catawba $400; Wilkes $725; Chattham $525; Currituck $500; Cochatham, $525; Currituck, $500; Cotawba $500; Gaston $1,400; Onslow $850; Pamlico $925; Wake $850; Warren $1,250; Cherokee $2,000; Watauga $2,500; Wilson $2,500; Bladen $750.

Notice is received here that it will be impossible for Judge Cooke to be here Friday to hear the writ of habeas corpus in the case of Dr. and Mrs. David S. Rowland, in jail for poisoning C. R. Strange, the former husband of Mrs. Rowland. He has court in the western section of the State that must convene on Monday.

He asks that either Associate Justice Connor, of the Supreme Court, or Superior Court Judge J. C. Biggs hear the case. The plan now is to have Justice Connor sit Monday.

Decision was reached at a citizen's meeting tonight to call an election on prohibition or dispensary about September 15th.

DOUBLE TRACK IN OPERATION.

Cars Now Operated to Fourth and Red Cross Streets—South End.

The double tracking of the Consolidated line, city and suburban, north of Princess street, was completed yesterday afternoon about 4 o'clock and city cars are now operated over the two tracks with much greater ease and dispatch than before. There is no junction stop at Princess street, cars passing around the curve there and proceeding out Front street north without having to wait for the Brooklyn or southern connection. The change is quite agreeable to the travelling public, and the men are operating the cars on much more definite schedule.

Work was begun yesterday on double tracking South Front street, and it is expected that the entire line will be in operation by the last of next week. Yesterday the track had been torn up south as far as Dock street, and good progress was made with the rail laying. The South Wilmington line to the Willard Bag Factory is now in operation from Front and Castle. The improvements are great.

THE RAILWAY CLASH

Conflict of Jurisdiction in Rate Litigation at Raleigh Reaches An Acute Stage.

TICKET AGENT IS IN JAIL

Southern Does Not Recognize State Court, and is Bringing Writ of Habeas Corpus Before Judge Pritchard, in Asheville.

(By Associated Press.)

Raleigh, N. C., July 16.—Indicted by the grand jury and brought into court by a capias instanter, Thomas E. Green, city ticket agent of the Southern Railway, charged with selling railway tickets at a rate greater than two and a quarter cents as prescribed by law, was today in Wake County Superior Court allowed bail in the sum of $100 for his appearance tomorrow.

Green declined to give bail and was put in the custody of the sheriff. He was not put in jail, and in the afternoon his attorneys appeared and urged that, as it was higher officials who were responsible for the rates that Green be not humiliated.

The State's Attorney said it was easy for him to give bail. This was not given and tonight Green is in jail.

Though not stated in court, it is known that Green's attorneys arranged this afternoon to ask for a writ of habeas corpus from a Federal Court, presumably before Judge Pritchard in Richmond, and it is expected this will be served tomorrow morning. It is understood that the State court will resist this, saying that there is no jurisdiction in the Federal Court, and a clash is expected. The grand jury today brought in another indictment against Green, which includes the Southern Railway. Indictments for selling at unlawful rates were also brought in against Southern Railway Agents M. E. Powell, at Auburn, and P. A. Creech, at Cary.

(Special Star Telegram.)

Raleigh, N. C., July 16.—City Ticket Agent Green, of the Southern Railway, is spending the night in jail as an impersonation of the Southern Railway corporation in the criminal prosecution of the Southern, in refusing to put in operation the 2 1-4 cent rate act of the last Legislature.

In the legal skirmishes that took place between counsel in the court during the afternoon counsel for the Southern avoided the issue of giving bond and refused to even accept personal recognizance in the case, as this would amount to admitting some jurisdiction of the State Court and forestall plans for procuring a writ of habeas corpus for the prisoner, returnable at Asheville from Judge Pritchard, of the Federal Court.

Judge Long, of the State Court, backed by Governor Glenn, contends that no Federal Court injunction can interfere with his court in the enforcement of the State law; that the proceeding against the Southern through Agent Green is a matter in which the Federal Court can in no way interfere and that the only thing the Federal Court can do is to pass on the constitutionality of the act, when properly presented. Further, that in the meantime the Southern has no right to violate the act, which is self-operative from July 1st.

The public is waiting with intense interest the action of the court when the writ of habeas corpus is presented tomorrow and the sheriff is directed by it to carry the prisoner before Judge Pritchard at Asheville. Judge Long is expected to direct that the writ be ignored.

Indictment of the sheriff for contempt would follow and this would also then extend to any counsel or others who might proceed with the prosecution of Green in the State court. A conflict for the body of the prisoner it is feared may go so far as to bring force into play by the calling of the military into service.

Just before court adjourned for the evening, F. H. Busbee, counsel for the Southern, asked that the sheriff be authorized by Judge Long to let Agent Green spend the night in company with a deputy at a hotel so as to avoid the embarrassment of jailing him. Ex-Governor Aycock and E. J. Justice, as counsel for the State, opposed this, and insisted that Green be required to give bond.

Governor Aycock said if it would be any inducement or accommodation for Green, who was a "mighty clever young man," he might go free on his personal recognizance. This proffer was declined and E. J. Justice insisted there was no reason why any special order should be made in this case. If bond and personal recognizance was declined, then jail was all that is left for him.

Judge Long declined to make any order, leaving the matter with the sheriff, whose counsel held there is no law for extending any special courtesy to this prisoner.

Green took supper in the sheriff's office tonight. It was sent from a hotel. New bedding was prepared in jail for the night. He is taking the imprisonment in good part. Ex-Judge A. C. Avery is on his way here from Morganton, to be of counsel for the defense of Green and the Southern's interest, and Col. W. B. Rodman, of the Southern, is expected in the morning armed with habeas corpus writ from Judge Pritchard. Then the real

RECEIVERSHIP PLAN RIDICULED.

A Washington correspondent tells us that Summer dullness at the Nation's capital and the desire of a few Federal officials for glory are the reasons generally accepted for the development and great exploitation of the 'receivership' plan of dealing with trusts in general and the tobacco trust in particular.

It is furthermore said that rumors of a great and "comprehensive" plan where the Federal Government would take in charge all of the monopolized industries of the country and conduct them upon a high plane, very much as some business enterprises are occasionally conducted upon a supposedly "Christian" basis for a day or two, have been in circulation, but seem to have no foundation. The phase of the matter to which so much attention has been called is regarded by the saner officers of the Government, who are willing to speak their minds, as bizarre, even absurb, in its bearings and worthy of little attention.

A well posted correspondent says:

"The notion of having receivers appointed for the different corporations whose business is apparently in restraint of trade is presumably the product of Assistant Attorney General Purdy. Mr. Purdy was in the Department of Justice under Mr. Knox, and has been at the head of the 'trust-busting' work of the Department for a number of years. The plan is said to be warranted by the fact that in an ordinary suit for the dissolution of an illegal monopoly only an utterly illusive result is ordinarily obtained. For instance, in the Standard Oil suit at St. Louis, wherein the dissolution of the trust is aimed at, the outcome, supposing the Government to be successful, would probably be nothing more than the break up of a concern which in the meantime would have transferred its properties to others, or would have resorted to some similar and easy mode of evasion. As a matter of fact, that is about all that is expected in the St. Louis case. The victory, if it comes at all, will be 'moral' solely, and will not be likely to have any results of tangible character. In order to get some more definite effects the receivership plan is supported in some quarters. It is alleged that should some such relief be granted, the trusts thus dealt with would be placed in the hands of a Government administrator who could dispose of the different plants one by one to other parties, when he would have fulfilled his mission, and would then leave the constituent concerns to compete with one another as they did before the trust was formed. Why the plants would not go at once back into another trust just as they did before, and in what ways the Government receiver would be able to improve upon the 'decency' with which business is now conducted, is not specified.

"Within the past two days there has been a marked reaction of feeling with reference to the plan which was so ingly launched. Some Federal are now inclined to claim that ich has been made of the no- the receiverships. They say every equity proceeding there ays various remedies proposed the correction of evils that are ined of. One of these is likely the appointment of a receiver, at has been put forward in the t case as a possible way of pro- g. Few officials are willing to for' the ridiculous inferences re being drawn from the new nd they have been noticeably ned at the suggestion that a scheme that would be a tep toward Socialism' because ld put most of the business of ntry into the hands of the gov- t for conduct. Sensationalism, ay, is responsible for the great laid on this feature of the plan. ct remains that the idea receiv- n some definite source a wide lo- ertising and was heralded as a ure in corporation control. Prob- nuch more has been made of oposition than had been origi- ntended, but it was solely h the work of sensation mon- at it received its thorough ex- ion. The disapproval which is manifested very pointedly in quarters, is putting a different xion on the situation."

OTTON IN EAST AFRICA.

ard Dernburg, Secretary of for the German colonies, left last Saturday for Naples, where barked for German East Africa ly the agricultural and commer- ssibilities in that section of the nt.

Preparatory to this trip, says a Berlin cablegram, the Minister summoned a number of business men in conference in order to learn their wishes regarding commercial development, and he succeeded in inducing several representatives of the cotton industry to accompany him to investigate the possibility of making the East African colony a great producer of high grade cotton for the German mills, it having already been demonstrated that cotton of the Egyptian quality can be grown in German East Africa with success. There is a movement now on foot among the German spinners to organize a company with a capital of $2,500,000 to go into cotton growing in the colony on a large scale.

There is every reason to believe that many portions of the globe are capable of cotton production, but the cost of production and the expense of getting the cotton to consumers is always a consideration. We have no doubt that in time the sub-tropical portion of Africa will produce considerable cotton, but we have every confidence that our own cotton producing region in the South will always lead in the industry. However, we ought to improve our varieties of cotton. We do not pay enough attention to that matter, heretofore, thinking that any kind of old cotton seed is good enough to plant.

OUR HAVANAS TO BE HIGHER.

Like trade combinations in this country, there is a cigar combine in Cuba and they have had a strike on hand. The news from Havana is that the strikers are likely to win and that the combine will put up the price of our pure Havana cigars. A conference was held in Havana a few days ago between the members of the cigar manufacturers' combine and the independent firms for the purpose of arranging a settlement of the strike of the cigar-makers, who went out last February demanding the payment of their wages in American instead of Spanish money. No definite decision was reached, and the conference was adjourned for the present.

It is understood that the manufacturers are not willing to concede demand that wages be paid in American currency, but they are prepared to pay a ten per cent. increase in Spanish gold. These terms are believed to be acceptable to the strikers, and it is, therefore, probable that the factories will reopen this week. It is said that a corresponding increase in the price of cigars soon will be announced.

EVER THUS FROM CHIDHOOD'S HOUR.

The Chattanooga Times, with a penchant for the consistency of things and men, remarks:

"It is understood that Governor Comer, of Alabama, doesn't include the cotton mill in the class of corporations that ought to be subject to State regulation. The good old fable in the blue back speller about the ox goes right on finding ready application every day in the early days of the twentieth as it did in the early days of the nineteenth century."

It might be observed that Harriman probably is guilty of what nine men out of ten would do when they want to "eliminate" competition and secure a soft snap for themselves. We have lots of little Harrimans with us alway.

THE DELINEATOR.

The August number of The Delineator has been received. It is a handsome number and is within covers that are artistic and beautiful. The magazine is beautifully illustrated with fashion plates and general subjects, and in its columns the latest Parisian and New York fashions are exploited in articles of the most delightful character. Art and home science get their full share of attention, and the literary feature of The Delineator is more than usually entertaining and valuable for lady readers. None should miss the series now running on "The Marital Unrest; What is the Cause of It?" Society reading and other matters to charm and edify the home circle, make the August Delineator a candidate for widespread favor. It is sent a year to subscribers for $1 and is on sale at 15 cents per copy. Address The Butterick Publishing Co. (Ltd), New York.

CURRENT COMMENT.

—The firemen's meeting at Wilmington will be a hot affair, but none will die of thirst—Durham Sun.

—If the Philadelphia reporters want to get into the nature-fakir class, let them tell of Elks who can spend a week in that town without being driven to drink.—Washington Post.

—At least no one will accuse Mr. Kitchin of double dealing after his speech in Union county Saturday. He said Saturday and he said it without any equivocation, that he stands with the radical wing of his party.—Salisbury Post.

—After a while the courts will gain in wisdom to such an extent that when they want information as to the business methods of trusts they will summon the $15 clerks instead of the millionaire presidents.—Washington Post.

—For some time there has been talk of celebrating the one hundredth anniversay of the founding of Greensboro, which occurs in the year 1908, in a manner befitting the progress made by the city during its century of growth and development. Yesterday this movement, as told in our news columns, took definite shape and from now until the day when we meet in the Gate City of North Carolina there should be and doubtless will be no lagging of interest or want of effort.—Greensboro Industrial News, July 14.

—The Richmond News-Leader, a profane newspaper, casts doubt on the authetically of the story that Marshal Ney was a school master in North Carolina, and that there he died. Nothing is better settled in North Carolina. All the North Carolinians are sure of the fact that Napoleon's brave officer was not shot in France, but that he was transformed or translated into a North Carolinian. They are required to believe it and write, not pamphlets, but books about it. The death of Miss Ney, the artist, should not "revive the discussion," as our contemporary predicts in regard to it. For the sake of peace and comfort, and in the interest of the suppression of violence and crime, everybody should admit that Marshal Ney was a native of Alamance County, N. C., if not of Buncombe or some other county, just as Carrie Nation is, and that at the age of two weeks he emigrated to France, became a great soldier and later escaped to the home that his heart yearned for The evidence that Marshal Ney was a schoolmaster in North Carolina is much stronger than that Andrew Jackson and the Mecklenburg Declaration were natives of that State, and from these beliefs no North Carolina gentleman departs on pain of death.—Charleston News and Courier.

TWINKLINGS.

—"I thought you said your son was proficient in three languages?" "He is. He can talk stage slang, baseball slang and slang."—Chicago Herald.

—Foote Lights—Did he get a call last night? Miss Sue Brette Yes several. Foote Lighte—Curtain calls? Miss Sue Brette—No; cat calls.—Yonkers Statesman.

—Billboard—Did you look over those advertisements I prepared? Circus Manager—Yes, and you'll have to prune 'em down. They read like a lot of book notices.—Puck.

—She—Your friend over there claims to be a woman hater. He—Yes, but the lucky devil lacks experience. He has never been married.—Smart Set.

—"We've only got a knife or two packed in the basket with the pie. What shall we do?" "That's all right. Up yonder I think you will find a fork in the road."—Baltimore American.

—What makes you think that Timmins is ideally married?" "Because one day when he invited me to dinner we were late, and she merely asked whether the home team won."—Washington Star.

—Mr. Flatwell (his first Atlantic voyage)—Do you know, Mary, that this ship burns 400 tons of coal every day. Mrs. Flatwell—William Henry, have you been letting the janitor stuff you with any such fairy tale as that? Puck.

—"Mr. Wappleson,:" said Mrs. Odcastle, "has a heart of gold." "Dear me," replied her hostess, "is that so? I knew he got hurt in the army so he had to have a silver plate in his jaw, but I'd never heard about the other."—Chicago Record-Herald.

Light Lunches for Hot Days.

Summer time is the season when light refreshments of some kind are needed almost every day for little trips and outings—to entertain casual guests and for luncheon on days too warm for heavy foods.

There are many summer time biscuit and wafers baked by the National Biscuit Company and packed in packages that keep out all dampness and dust of travel and absolutely preserve the original oven freshness of the contents. Among the most popular of these dainties are Social Tea Biscuit. They are so appropriate for many different occasions that a few packages in the house prepares you to serve a light refreshment without a moment's notice.

Social Tea Biscuit are a real food, but so light and unusual that they tempt the appetite and make a welcome accompaniment to luncheon, desert or dinner—a social cup of tea or cooling beverage.

Always serve Social Tea Biscuit from the original package, because then you are sure that no dust or dampness has reached them and that you will enjoy all their original freshness of flavor.

The Greensboro Keeley Institute!

The Only one in North Carolina

Note of Warning

To The Public:

The Keeley Cure has now been in successful operation for 28 consecutive years and the merits and reputation of the Dr. Leslie E. Keeley Remedies have been throughly established. Because of this fact, many imitators are seeking to turn this knowledge to their own advantage by falsely claiming that they are able to sell and administer our remedies and treatment. It should be borne in mind that the Keeley Remedies are only to be obtained at establishments known by the uniform name of The Keeley Institute. There is one or more of these establishments in nearly every State in the Union, besides several in foreign countries. THERE IS ONLY ONE KEELEY INSTITUTE IN THE STATE OF NORTH CAROLINA, AND THAT IS LOCATED AT GREENSBORO. At all Keeley Institutes the remedies used are procured from our laboratory, and in all cases they are administered by physicians who have been especially instructed by us. It follows, therefore, that all other establishments claiming to be able to sell our remedies and administer our treatment are obtaining money under false pretenses and will be dealt with accordingly. The public is warned that under no circumstances can Keeley remedies or treatment be obtained except at authorized Keeley Institutes. These imitators sometimes adopt similar names to those by which our remedies are known, but if patients will take pains to see that they are in an authorized Keeley Institute they need not fear imposition. The Keeley remedies will cure inebriety, all kinds of drug using, the tobacco habit and neurasthenia; they are never administered in hospitals and no patients are treated at Keeley Institutes for other than the above named diseases.

THE LESLIE E. KEELEY CO.,
Dwight, Illinois.

THE KEELEY INSTITUTE, at Greensboro, N. C., is the only one in this State, and all representations that there is in this State any cure that is identical with or the same as the Keeley Double Chloride of Gold Cure, are malicious, false and made for the purpose of deceiving. We learn with indignant regret that such claim is being made, and feeling that if it be hurtful to us it will prove even more disastrous to those who are deceived thereby, we sound this note of warning.

The Cause of Snoring.

This is not for you, because you never snore. No one ever does snore himself. It is always the other fellow. But you can read this and then tell that guilty other fellow how to break himself of his bad habit, for snoring is merely a bad habit and as such can be overcome. It is caused primarily by improper breathing—that is, breathing through the mouth instead of through the nostrils—so, first of all, care should be taken during waking hours to breathe correctly. The habit once formed of keeping the mouth as firmly closed as possible, he will be less likely to sleep with it open. Then see that your troublesome snorer has a proper pillow. He should sleep with his head as flat as possible, for if his head is pushed forward and the neck bent the tongue drops back against the soft palate and forms an obstruction which makes all the unmusical sounds we hear when the air is forced past it.—St. James' Gazette.

The Last Match Saved Them.

The ship had lain becalmed in a tropical sea for three days. Not a breath of air stirred the mirrorlike surface of the sea or the limp sails that hung from the yards like drapery carved in stone. The captain resolved to wait no longer. He piped up all hands on deck and requested the passengers to also come forward.

"I must ask all of you," he said, "to give me every match that you have."

Wonderingly the passengers and crew obeyed. The captain carefully arranged the matches in his hands as each man handed him his store until all had been collected. Then he threw them all overboard but one, drew a cigar from his pocket and, striking the solitary match on the mainmast, endeavored to light it. In an instant a furious gale swept over the deck, extinguished the match and filled the sails, and the good ship Mary Ann sped through the waves on her course.—Pearson's Weekly.

The Cod's Bill of Fare.

An interesting exhibit in the South Kensington museum, London, illustrates the omnivorous nature of the cod's diet. Among the fish falling a prey to its voracious maws we note the young of the herring, dab, whiting and sand eel. Shrimps and young lobsters also form an important item in the cod's menu. The strangest part of the cod's diet perhaps is the sea mouse, whose thick covering of bristles might be thought to render it unwelcome to any stomach. Large whelks and shells of whelks with their indwelling hermit crabs are also largely devoured. From its partiality to mollusks, in fact, the cod may become an assistant to the shell collector. Woodward in his "Manual of the Mollusca" remarks that "some good northern seashells have been rescued unbroken from the stomach of the cod."—London Globe.

Growing Flowers In Winter.

A long run of dark days in winter is bad for the florists. It matters little how cold the weather is, provided there is sunshine, for the heat can always be maintained to the proper point, and with sunshine flowers will bloom just as freely when the thermometer shows an outdoor temperature of zero as at the freezing point, though of course more money must be spent for coal. But when, day after day, for weeks at a time, clouds overhang the sky, nothing will grow as it should. The carnation buds develop slowly until they are half open and wait for sunshine, and if it does not come in four or five days the blooms decay. So also it is with callas and roses. They will open halfway, then, without sunlight, will quickly spoil.—St. Louis Globe-Democrat.

Waked Him Up.

"Fare!"

The passenger gave no heed.

"Fare, please!"

Still was the passenger oblivious.

"By the ejaculatory term 'fare,'" said the conductor, "I imply no reference to the state of the weather, the complexion of the admirable blond you observe in the contiguous seat, nor even to the quality of service vouchsafed by this philanthropic corporation. I merely allude in a manner perhaps lacking in delicacy, but not in conciseness, to the monetary obligation set up by your presence in this car and suggest that, without contempering your celerity with cunctation, you liquidate."

At this point the passenger emerged from his trance.—Columbus Dispatch.

Tree Fountain.

An extraordinary curiosity is to be seen in the Swiss village of Gunten, on Lake Thun. It takes the form of a natural tree fountain, the water flowing continuously from a spout high up in the tree. About twenty years ago the water from a spring was conducted through a shaft, and the supply pipe was directed through the cut trunk of a young poplar tree which was rammed in the ground. After a short time the trunk rooted, branches followed, and now there is a splendid top growth.

Long Live The King.

is the popular cry throughout European countries; while in America, the cry of the present day is "Long live Dr. King's New Discovery, King of Throat and Lung remedies!" of which Mrs. Julia Ryder Paine, Truro, Mass., says: "It never fails to give immediate relief and to quickly cure a cough or cold." Mrs. Paine's opinion is shared by a majority of the inhabitants of this country New Discovery cures weak lungs and sore throats after all other remedies have failed; and for coughs and colds it's the only sure cure. Guaranteed by R. R. Bellamy, Druggist. 50c and $1.00. Trial bottle free.

AN INQUIRY MADE

"Former Resident" Thinks That Beach Fare Should be 25 Cents.

(Communicated.)

Wilmington, N. C., July 16th 1907.

Editor Star: I note with a great deal of interest the many improvements being made by the Wilmington street car line in trackage and service. There is one matter, however, on which I should like to have some information, i. e., why the fare from Wilmington to the beach and return should be 35 cents or three tickets for a dollar? I think this is too high compared with other places of a similar situation. Take Ocean View, near Norfolk, Va., for example. The rate from any part of Norfolk to this beach and return has been for some years 20 cents. It is practically about the same distance as our line and while Norfolk is larger than Wilmington they have more resorts. They have several bridges from Norfolk to Ocean View, but they are not as long as our trestles. I do not think the rates should be the same but think our rate is out of proportion and that 25c for the round trip would be fair and equitable and would result in larger traffic, which our system could easily take care of now with their improved facilities.

FORMER RESIDENT.

The Naval Stores Market.

The local market for spirits of turpentine opened yesterday at 56 1-4 cents, but owing to light demand and heavy receipts, Wilmington in sympathy with Savanah, closed at 56 cents. Rosins were dull, and so far as was learned there was nothing done on the local market.

THE RAILWAY CLASH

(Continued from first page.)

"tug of war" will be on between the courts.

It was early this afternoon that the special capias was served on Green, and he was carried before Judge Long. Counsel for the State, Solicitor Armistead Jones, Ex-Governor Aycock, Speaker E. J. Justice, and S. G. Ryan, demanded that the case be set for trial tomorrow morning.

This was resisted by Fabius Busbee, counsel for the Southern, on the grounds that Col. W. B. Rodman, of counsel for the Southern and ex-Judge A. C. Avery, who had been retained by Green, were not here, and could not reach the city until tomorrow. The matter of setting the time for the trial was left open until their arrival. Mr. Busbee insisted they could not get ready for the trial at this term of court under any circumstances, and that it will be necessary for the case to take the usual course and go over to the next term. Counsel for the prosecution gave notice that they would insist on a trial at this term.

Counsel for the Corporation Commission in the injunction proceedings were in conference today. Afterwards a statement was made that there was nothing to give out. The purpose was to decide on the date for the hearings before the standing master to begin. No date is yet agreed upon. Counsel here were ex-Judge Jas. E. Shepherd, Ex Judge R. W. Winston, ex-Congressman F. A. Woodard and Walter E. Daniel.

Other Cases in Asheville.

Asheville, N. C., July 16.—Following the arrest here yesterday of J. N. Wood, district passenger agent of the Southern, and R. H. Graham, on the charge of having violated the new rate law by charging more than the 2 1-4 cents per mile and the arraignment in police court this morning, when the cases were continued. Judge Pritchard, in the United States Circuit Court here, issued writs of habeas corpus commanding the chief of police to produce the prisoners before him. Police Judge Reynolds communicated with Governor Glenn, who instructed him to proceed with the cases and have the solicitor resist the release of the defendants under the writ of habeas corpus.

Raleigh, N. C., July 16.—In Asheville Judge Pritchard has granted a writ of habeas corpus, to be heard on Wednesday morning in the Federal Court, to remove from the jurisdiction of the police justice court, J. N. Wood, of Asheville, district passenger agent of the Southern Railway, arrested and to be tried for selling tickets at a rate in excess of that allowed by the State law.

Governor Glenn tonight directed Solicitor Mark Brown, of Asheville, to appear and move to dismiss the writ. He denounced the action of Judge Pritchard in taking the enforcement of criminal laws of the State out of the hands of State officers, and says that it is a high-handed proceeding.

After Colonel Andrwes.

Raleigh, N. C., July 16.—It is learned late tonight that as a result of a second count in today's indictment of T. E. Green, Southern Railway ticket agent, in which the Southern is made a party in the selling of tickets in excess of the rate fixed by the Legislature, that summons have been served upon Colonel A. B. Andrews, first vice president of the Southern Railway to appear before the court, supposedly tomorrow.

Mayor's Court Yesterday.

The only case of interest in the police court yesterday was that of Abraham Watson, colored, charged with attack with a deadly weapon on Albert Howe at 11th and Market streets Monday afternoon. Watson hit his adversay in the forehead with a bottle and he was bound to Superior Court under a bond of $50. In addition each of the men was adjudged guilty of engaging in an affray, and were taxed with $5 and costs. Alex. Holmes, a bystander, who had something to do with the trouble between the two men, was fined $10 and costs. John Rhodes, tried on Monday for resisting Officer S. A. Nichols, was bound to the higher court on a charge of carrying concealed a pair of brass knucks.

W. L. I. COMPETITIVE DRILL.

Medal Won by Sergeant P. L. Cantwell for Fourth Time—Contest.

The quarterly inspection and drill for the medal offered by the commissioned officers of the Wilmington Light Infantry for the best drilled soldier in the company took place last night at the armory. There was a good attendance and the medal contest was quite spirited, Sergeant Paul L. Cantwell finally winning with Corporal J. B. Lynch a close second. They stood for perhaps ten minutes before Sergeant Cantwell was declared the winner. This is the fourth time he has won the medal since it was established about two years ago. The judges of the drill were the commissioned officers—Capt. Wm. F. Robertson and Lieutenants Orrell and Gause.

With last night the company began drills twice weekly, Tuesday and Friday nights, in anticipation of the encampment trip to Jamestown.

HELD UP A TRAIN

Harvest Hands Resisted and One of Them Was Killed.

(By Wire to the Morning Star.)

Cherryvale, Kas., July 16.—Two robbers held up a St. Louis and San Francisco freight train five miles east of Cherryvale early today and shot and killed O. J. Brown and seriously wounded Otis Taylor, harvest hands.

Brown and Taylor were beating their way home to Western Kansas after having worked in the wheat fields in the southern part of the State. They resisted the efforts of the road men to rob them of their earnings.

Brown was shot and died almost instantly. Taylor was brought to the hospital here. The robbers escaped.

In a terrific electrical storm which swept Lima, Ohio, at noon yesterday, lightning fired one of the huge tanks of the Standard Oil Company. A quarter of a million barrels of petroleum were ignited and the city was at once enveloped in clouds of darkness, almost stifling. Cannons were brought into use to prevent a spread of the flames to other tanks nearby, there being millions of barrels of crude oil in the immediate vicinity.

Some Wives Are Different.

"Most men," said the man of experience, "think it must be awfully nice to have a wife who takes things as coolly as Dave Potter's wife takes them, but others, more discriminating, prefer a good honest row to her style of quiet cynicism. The way she behaved the other day when she found a letter in Dave's pocket from a girl in Brooklyn is an example of her method.

"'I don't see,' wrote this girl, 'how on earth I can ever live without you.'

"Dave's wife read that gush and a lot more just like it without ever turning a hair.

"'Well,' she said quietly, 'that girl is a fool. If she knew you as well as I do she would be wondering how on earth she could ever live with you.'

"And that, in the opinion of the discriminating few, cuts a whole lot deeper than a common, everyday rumpus."—New York Globe.

The Axial Rotation of Venus.

For over two centuries it was generally accepted that, like the earth, the planet Venus rotated on its axis in a little less than twenty-four hours, but since Schiaparelli after long and careful observation of the planet suggested that the actual rotation period was between six and nine months astronomers have devoted much attention to this matter. In the Observatory Mr. Denning sums up the available evidence on the point and can only conclude that this particular problem still defies solution. Life on Venus would be very different from life on the earth should the planet's axial rotation be, as Schiaparelli asserted, identical with the period of its revolution round the sun, as in that case the same hemisphere would always be turned to the sun and enjoy perpetual day, while the opposite hemisphere would be doomed to eternal night.

A Plant of All Work.

The fields as well as the broad roads of Ecuador are inclosed by adobe walls surmounted by the broad leaved American aloe. The aloe, sometimes called the century plant, is one of the most useful and important plants in the country. The Indians thatch their huts with its leaves. The leaves when tapped yield sirup. They can also be used as soap and the spines as pins. The fiber is woven into sacks, and from it are made the coarse sandals worn by the common people. The tall flower stalks are used for beams and ladders. The flowers, boiled and soaked in vinegar, make an agreeable pickle.—National Geographic Magazine.

The Dressmaker's Diploma.

Many New York women who patronize a new dressmaker for the first time propound an embarrassing question.

"Have you a diploma?" they ask.

"I didn't know what answer to make to the first customer that put that question to me," said one dressmaker. "I certainly did not have a diploma. I knew how to sew, but I had no certificate to that effect. Finally I found that many women have suffered so grievously at the hands of incompetents that they were unwilling to trust their work to a person who could not show some guarantee of experience and efficiency, so, although I knew more about sewing than half the fashionable dressmakers in town, I actually worked in one such establishment for four months so that I could point to a printed diploma which says, 'Formerly with Mme. A. of Fifth avenue.' It pays any dressmaker to arm herself with credentials of that kind. She ought to have her diploma framed and hung on the wall like a doctor's diploma, so as to give confidence to doubting customers."—New York Sun.

Great Schemers.

"These traveling men are great schemers when it comes to getting rooms assigned to them ahead of other guests who registered first," said a hotel clerk. "There were several guests on the waiting list for rooms yesterday. One traveling man came up to the desk holding his hand to his stomach, saying he was so sick he must have a room at once. He was accommodated. In a few minutes another traveling man who was among the list of guests waiting for rooms, came up and said he had boarded a sleeper at 2 o'clock in the morning and tried to get some sleep, but that it ran into an open switch and gave him such a shaking up he couldn't sleep. He said he was almost dead with exhaustion and loss of sleep and must have a room at once. Hardly had he gone to his room when a third one came up and said he, too, must have a room immediately. What do you suppose his reason was? He said a horse fell on him the day before, and he thought he was injured internally."—Kansas City Star.

Pepper and Onions and Garlic and—

At a restaurant downtown, redolent of pepper and garlic, where swarthy representatives of Spain and all the Spanish-American countries gather every day at the lunch hour a lone American, accustomed to strictly unseasoned food, was glancing apprehensively at the bill of fare.

"What is chile con carne?" he asked the waiter.

"Ah, senor, zat is pepper and a leetle meat and pepper again and once more pepper and"—

"No matter. What is bacalao a la vizcaina?"

"It is delicious—codfish and red pepper and gar"—

"Forget it! What is olla a la Espanola?"

Barrymore's Dilemma.

Maurice Barrymore, the once famous actor, was once in London with a new piece which he was anxious to have produced. He had read it to a manager, and it had been decided that he was to play the leading role. About a week after it was supposed to have been definitely settled Barrymore received a note from the manager asking him to call. Barrymore called, and the manager said: "I like the piece, old fellow, but I don't see how I can use you in the cast. Your beastly American dialect won't do at all, you know. They won't have it."

"Well, that's strange," said Barrymore. "They told me on the other side that they wouldn't have me on account of my beastly English dialect. What am I to do, give recitations on the transatlantic steamers?"

No Insult Intended.

A London exquisite had gone into a west end restaurant and was far from pleased with the way in which his order was filled.

"Do you call that a veal cutlet?" he demanded of the waiter. "Why, such a cutlet as that is an insult to every self respecting calf in the British empire."

The waiter hung his head for a moment, but recovered himself and said in a tone of respectful apology:

"I really didn't intend to insult you, sir!"—London Answers.

Origin of the Cross Bun.

The exact significance or origin of the cross bun is not too certain. A superstition regarding baked bread on Good Friday appears to have existed from an early period. Bread so baked was kept by a family all through the ensuing year under the belief that a few gratings of it in water would prove a specific for any ailment.—Leeds and Yorkshire Mercury.

Suspiciously Cheap.

Mrs. Schoppen—The price seems low, but I'm afraid of antique rugs. You know the old saying, "Snug as a"— Salesman—"As a bug in a rug." Ha! Ha! But there are no bugs about this rug. Mrs. Schoppen (shrewdly)—No? I half suspect the presence of a little humbug.—Philadelphia Press.

Her Troubles.

Teacher—Who was the most patient person that ever lived? Student—Mrs. Job. Teacher—How do you make that out? Student—Why, Job endured a whole lot, but she had to endure Job.—Judge.

He who seeks a brother without a fault will have to remain without a brother.—Talmud.

Witches Still Believed In.

Neglected by the powers, witches ceased to be so notorious, but the belief continued to exist, and does exist now, in rural parts of Scotland and England, and in England and France, even in the towns, fortune tellers, whether they charge a guinea or a shilling for their advice, are witches under the terms of the old statutes and flourish abundantly, but as they are not burned they are supposed by superficial observers to have been exterminated by school boards and electric lighting. The blacker sort of witch who "overlooks" and casts spells on man and beast may be found in many rural regions north and south. One of them was brought before a squire and justice of the peace of my acquaintance as a dangerous nuisance. He said to her solemnly, "You know, Betty, the Bible says 'Thou shalt not suffer a witch to live in the parish.'" And she migrated, under certain conditions of compensation, to another parish.—London Post.

Was This a Trained Mad Dog?

Not long ago a telephone call was received at the Flora avenue police station requesting that an officer be sent to a house to kill a dog supposedly mad. When the officer arrived he met a negro.

"There's a dog under them steps, an' he's shore mad," the negro said excitedly.

The officer fired one shot without hitting the dog. The animal started to run away.

"Gimme that gun quick. I'll kill him," the negro shouted.

Saying which he reached for the officer's revolver and got it. He then pursued the dog, aiming the revolver at it as it ran yelping down the street. The policeman waited, expecting the negro to shoot at any moment. The negro and dog—and the revolver—went round a corner and never came back. The officer has bought another revolver. He says he thinks the dog was trained.—Kansas City Star.

Changing His Colors.

Every Sunday a young bootblack in New York attended a mission school. This school, through its well meaning teachers, decided to have a Christmas tree. The gifts for the pupils were provided for them by the teachers and some patrons of the school.

Jimmy, the bootblack, was there Christmas eve, but was much disappointed when his present proved to be a copy of Browning's poems. He folded it carefully in the paper in which he received it and took it home.

The next Sunday the superintendent of the mission school announced that any child who was disappointed with his or her gift could exchange it.

Jimmy marched boldly to the front with his.

"What have you there, Jimmy?"

"Browning, sir."

"And what do you want in exchange?"

"Blacking, sir."

Quadrupeds That Lay Eggs.

The salesman as he wrapped up the eggs conversed politely.

"There are quadrupeds that lay, ma'am," he said.

"That lay eggs?"

"Yes. They are mammals, ma'am, too. Their home is in South America, their names are the ornithorhynchus, or duck billed platypus, and the echidna, or porcupine ant eater. They are the lowest mammals known."

"Really?"

"Oh, yes! The duck billed platypus lays two eggs at a time. But the echidna lays but one egg, which it carries in a natural pouch beneath its stomach—there's an idea for the hen there—until the kid echidna, so to speak, is hatched out."—Los Angeles Times.

Her Ambition.

This incident was told by an actress who was once playing Rosalind, and playing it, as she fancied, rather acceptably. As she entered her dressing room at the theater one night a note from a woman was handed to her which read in this wise:

"Dere lady I work for a dentist but I have spoiled so many of his teeth saying over your part in the play that now I can say it just as well as you do, and I want you to let me try it tonight and see if I can't for the dentist says he cannot have me any more and I must pay for his teeth, and so I must go on the stage and I will be here at 7 o'clock."

The exchange was not made.

"Not Worth a Curse."

Curse, anything worthless. Corruption of the old English word kerse, a small, sour wild cherry; French, cerise; German, kirsch. "Vision of Piers Plowman:"

Wisdom and wit nowe is not worth a kerse,
But if it be carded with cootis as clothers Kembe their woole.

The expression "not worth a curse" used frequently nowadays is therefore not properly profane, though it is frequently intensified by a profane expletive.

A Little In Doubt.

Hostess—I hope we shall see you again next Wednesday. I'm giving a dance. Mr. Young—I'm awfully sorry, but I'm going to a wedding. Hostess—Oh, indeed! I'm sure you'll enjoy yourself far more. Mr. Young—I'm not so sure. You see, it's my own wedding.

Recipe For Happiness.

Animals to the number of 70,000,000 are killed yearly for the sake of their fur.

One Question Too Much.

The servant problem was under discussion, and "experiences" were being related. Several women stopped talking at the same moment, and the silence, which had lasted nearly two seconds, was broken by a young matron, who said: "But, ladies, that's all nothing to what happened to me last week. My cook left me, you know, for no earthly reason except that she told the chambermaid we starved the help. The idea! Well, I went to the intelligence office and after a long search found the girl I wanted to take Maggie's place. She answered every question to my satisfaction until I asked her, 'Why did you leave your last place?' Then she got red in the face, threw her head back and said in an angry tone: 'Because I wanted a change. Why did your last cook leave?' And before I could answer she turned away, saying, 'You'll not suit.' Now, isn't that dreadful?" And then all the other women told "dreadful" stories.—New York Tribune.

An Ancient Irish Custom.

In the district known as "the barony of Forth," in County Wexford, Ireland, is to be found a race of hardworking, industrious peasants living in thatched cottages with clean, whitewashed walls which by their perfect whiteness at once arrest the attention of the visitor. These people differ in many respects from the inhabitants of the other parts of the same county and have habits and customs peculiar to themselves. When a funeral takes place two wooden crosses are provided. On the way to the cemetery a halt is made at a certain spot by the side of the road. Here prayers are said for the deceased, after which one cross is deposited in a hawthorn bush or under it. The procession then goes on its way, and after the interment the other cross is fixed at the head of the grave. This strange custom dates from time immemorial, as the great pile of crosses by the roadside indicates.

How to Stop Runaways.

The policeman had stopped the runaway very neatly. Now, though puffing a little, he was quite calm.

"It's nothing to stop a runaway," he said as he wiped his foam covered hands. "It is like jumping on or off a moving car—dead easy when you know how. What you want to do when you see a runaway tearing toward you is not to stand still, but to run all your might in the same way the nag's a-going. Then, when it catches up to you, you grab the bridle and keep a-running. Then you are not thrown, you are not trampled on, and in a minute or two the horse slows down. I've stopped a dozen runaways without an accident. It's part of our training, and the policeman who would refuse to take a chance would be disgraced the same as a soldier who would refuse to fight."—New York Press.

The Right One.

"Sir, I want your daughter's hand."

"You may have it with the greatest pleasure, dear boy, if you'll take the one that's always in my pocket."—Baltimore Sun.

—Troy, July 15: Bud Powell, colored, shot and killed John Maness, colored and seriously wounded Wilson Baldwin, colored, between Star and Ether, Saturday night. Powell has not been apprehended.

Wilson, July 15: Saturday night, on the plantation of Mr. Stephen Braswell, in Black Creek township, Mr. Braswell shot Henry Tucker, colored, in the hip. Dr. B. S. Herring atended the wounded man. What the rouble was about is hard to learn.

—Kinston, Free Press: Kinson's first passenger elevator has been installed in the Caswell Hotel, by Mr. Jeff Cole, of Danville, Va. It is a Westbrook automatic stop elavator, weighing 1,400 pounds, operated by a seven-horse power electric motor, having the capacity of carrying 2,000 pounds. It runs very smoothly and the mechanism is so simple that t child can operate it.

—Durham, July 15: News has reached here this afternoon that Miss Mary Duke, of this city, daughter of B. N. Duke, American Tobacco magnate, fell while at the home of Whitelaw Reid and was painfully hurt, one wrist and one ankle being out of place. She will sail tomorrow with the Duke party for Europe and will go with two of her limbs in plaster casts. It is understood that her injuries are not of a very serious nature.

—Fayetteville, July 15: The police census of Fayetteville proper has been completed, showing a population of 6,309 of which 3,424 are white and 2,885 are negroes. The census of the outlaying suburbs, taken by direction of the county authorities,gives a population of 3,058, of which 1,534 are whites and 1,524 are negroes; a total of 4,958 whites and 4,409 negroes; a aggragate population, corporate limits and suburbs, of 9,367.

—Hendersonville, July 15: A report is in circulation here to the effect that T. C. Williams, Jr., of Columbia, spent most of the past week in Asheville, where he went to talk to representatives of the Southern Railway Company about raising the track at a point near this place. This is a matter in which those who are proposing to build a great lake here are interested. One report is to the effect that the money has been raised for this project, but that it is uncertain what action the Southern Railway people will take.

—Reidsville, N. C., July 15: Mr. J. T. Alderman, of Henderson, formerly superintendent of the Reidsville graded schools, is sending out an interesting letter calling attention to the Aldermans of North Carolina to the general meeting of Congress of the Aldermans, their descendants and those directly interested, to be held at Jamestown on Thursday, August 1, The purpose of the convention is the gathering together of members of the United States. A concession has been granted by the exposition officials and the meeting will be held in Assembly room, No. 3, near the centre of the auditorium building. At the Jamestown Exposition the subject of compiling the history of the family will be entered into with detail.

—Asheville, July 15: A telephone message this afternoon from Marshall gives the details of another homicide in Madison county. The tragedy occurred this morning at 7 o'clock, when James Ray shot and instantly killed John Adams. The shooting occurred at the store of Anderson Brothers on Ivy some 18 or 20 miles frohm Marshall. It seems that an old grudge has existed between Ray and Adams for a number of years, and that when the men met this afternoon the old sore was opened, with the result that Ray drew his pistol and fired twice at Adams. Both shots took effect and Adams fell dead. Ray made his escape and up to this afternoon had not been captured.

—High Point July 15: True to his statement in the newspapers Southern Railway Detective Ahern is riding the train from Salisbury to Greensboro every Saturday night in an ecort to break up the rowdyism which has been going on for some time by people returning from the wet town with booze. Last Saturday night Mr. Ahren caught a negro selling three pints of whiskey on the train to parties that boarded the train this side of Salisbury. The negro was placed under arrest and turned over to the officers at Thomasville. Mr. Ahern went there today to appear against him. Mr. Ahern has promised to break up the rowdyism on the trains if he has to ride every one out of Salisbury and he so far is making good.

GOT HIS HAIR BACK.

Was Perfectly Bald When He Started to Use Newbro's Herpicide.

Frederick Manuell, Maryland block, Butte, Montana, bought a bottle of Newbro's Herpicide, April 6, '99, and began to use it for entire baldness. The hair follicles in his scalp were not dead and in 20 days he had hair all over his head. On July 2 he writes, "and today my hair is as thick and luxuriant as any one could wish." Newbro's Herpicide works on an old principle and with a new discovery—destroy the cause and you remove the effect. Herpicide destroys the germ that causes dandruff, falling hair, and finally baldness, so that with the cause gone the effect cannot remain. Stops falling hair at once and a new growth starts. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Women Avoid Operations

MISS ROSE MOORE

When a woman suffering from female trouble is told that an operation is necessary, it, of course, frightens her.

The very thought of the hospital, the operating table and the knife strikes terror to her heart.

It is quite true that these troubles may reach a stage where an operation is the only resource, but a great many women have been cured by Lydia E. Pinkham's Vegetable Compound after an operation has been decided upon as the only cure. The strongest and most grateful statements possible to make come from women who by taking

Lydia E. Pinkham's Vegetable Compound

made from native roots and herbs, have escaped serious operations, as evidenced by Miss Rose Moore's case, of 307 W. 26th St., N. Y. She writes:—

Dear Mrs. Pinkham:—"Lydia E. Pinkham's Vegetable Compound has cured me of the very worst form of female trouble and I wish to express to you my deepest gratitude. I suffered intensely for two years so that I was unable to attend to my duties and was a burden to my family. I doctored and doctored with only temporary relief and constantly objecting to an operation which I was advised to undergo. I decided to try Lydia E. Pinkham's Vegetable Compound; it cured me of the terrible trouble and I am now in better health than I have been for many years."

This and other such cases should encourage every woman to try Lydia E. Pinkham's Vegetable Compound before she submits to an operation.

Mrs. Pinkham's Standing Invitation to Women

Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham, at Lynn, Mass. From the symptoms given, the trouble may be located and the quickest and surest way of recovery advised.

THE COTTON MARKET.

(By Wire to the Morning Star.)

New York, July 16—The cotton market showed a continuation of the advancing tendency yesterday with the close steady at a net gain of 25 points on July and of 4 to 9 points on other months. Sales were estimated at 200,000 bales.

The market opened steady at an advance of 15 points on July and of 3 to 5 points on later months, notwithstanding rather indifferent cables and a good weather map. There was some selling in expectation of a bearish weekly review at midday but brokers believed to represent the leading short interest were buyers, and room traders showed a disposition to bid up the market to make a high basis for covering. On this support prices worked up during the middle of the morning and around midday the market showed a net gain of 32 points on July and of about 16 to 25 points on other months. At this level offerings increased somewhat and with the weekly report quite a bearish as expected, the market eased off slightly in the later trading. Business was not active at any time during the morning. There was some selling on the advance for both accounts on predictions of a renewal of bear pressure as soon as scattering long interest was accummulated July was inactive but showed leading strength on covering by belated shorts. Southern spot markets were generally unchanged.

Receipts at the ports today 1,703 bales against 2,786 last week and 7,979 last year. For the week 15,000 bales against 15,802 last week and 25,197 last year. Today's receipts at New Orleans 742 bales against 1,472 last year and at Houston 298 bales against 275 last year.

Spot closed steady; middling uplands 12.85; middling gulf 13.10; sales 260 bales.

LYNCHERS' TRIAL GROWS DRAMATIC

Danghter of Sheriff Bogan of Anson County, N. C. Was Witness.

SHE IDENTIFIED LYNCHERS

Saw Them on Night They Broke Into Jail, Seized J. V. Johnson and Carried Him Away—Lyncher Describes Tragedy.

(By Wire to The Morning Star.)

Charlotte, N. C., July 16.—The trial of twenty citizens of Anson county,, this State, charged with lynching J. V. Johnson, which was begun yesterday at Monroe, continued today.

Miss Alice Bogan, daughter of the sheriff, who was on the stand yesterday, resumed her testimony, detailing how the mob broke into the jail on the plea of having a prisoner to commit, and how they seized and held her father, took the keys to Johnson's cell away from him, released Johnson and afer tying him with ropes, dragged him off down the road to the point where he was lynched. She positively identified several of the indicted men as being members of the mob.

The cross-examination of Sheriff Bogan who was recalled, failed to shake his testimony in any particular. He recognized many of the members of the mob and called their names. John Jones, against whom the present test case is directed, was recognized as one of the leaders.

Henry D. Kimdall, Sr., who turned State's evidence at the preliminary hearing and gave testimony against his fellows of the lynching mob and one of the State's strongest reliabes, today testified as to the meeting at the house of Tom Johnson in Anson county on the Sunday night preceeding the lynching, when the plans to ride to Wadesboro and lynch J. V. Johnson were perfected. The witness knew all the members of the party and gave their names. While the others rode toward Wadesboro and they met another crowd from Richmond county and all proceeded to Wadesboro jail, took the prisoner out and lynched him. The witness' son was one of the mob. Kendall's story of the lynching was dramatic in the extreme. He told how they took the prisoner, struggling and praying for mercy, tied him with ropes and dragged him along the road a mile to a point in the woods when more dead than alive he was drawn up to a limb and then riddled with bullets. His identification of the leaders of the mob and many of its members was complete and cross-examination failed to shake his testimony.

William Meeks and H. D. Kendall, Jr., members of the mob turned State's evidence today and corborated the evidence of the elder Kendall. At the conclusion of this testimony the State rested.

WORLD'S THEATRE TRUST.

Klaw & Erlanger Will Control Amusements in Two Continents.

(By Wire to the Morning Star).

Chicago, July 16.—The Daily News says that plans for the formation of a $100,000,000 trust in world's theatres became konwn today. A lawyer representing Klaw & Erlanger, it is said sailed from New York today for London, to pass upon the legal features of the plans before their acceptance by the syndicate for which they were prepared.

The international theatre trust will, according to report, not only control the best theatres in Europe, but have under contract the highest talent in legitimate and vaudeville fields.

The attempted formation of this new theatrical undertaking is said to grow out of the recent decision of the New York courts that theatres and amusements are not "trade and commerce," and, therefore, their combination is not a violation of law. A. L. Erlanger is quoted as saying:

"I will say that it is true that we are about to make our interests co-extensive with Europe and America. I can see no reason why a homogeniety of management and ownership will not be highly beneficial to the public, the players, the producers and the owners. Whether some of the principal amusement interests of Europe and America can be wedded into one necessarily requires a concert of thought and action on the part of those who are the leaders abroad and here in that line. Our counsel sailed this morning on the Kron Prinz Wilhelm to investigate and discuss legal plans.

TWO-CENT PASSENGER RATE.

All Western Roads Will Reduce Fare on Friday.

(By Wire to the Morning Star.)

Chicago, July 16.—The long talked of reduction in inter-State passenger rates of Western railroads will actually be made next Friday. Generally speaking, all rates east of the Missouri river will be on a basis of two cents per mile. The reduction of inter-State fares by the Western lines is the natural result of the passage of laws by Arkansas, Missouri, Nebraska, Illinois, Iowa and Minnesota. The Eastern roads propose to make similar reductions in their inter-State fares. The rate clerks will meet here tomorrow and continue in session until they have checked up all the interstate fares on the basis of the maximum legal mileage of the various States.

Madison, Wis., July 16.—Governor Davidson today signed the two-cent railroad fare bill. The new law will take effect on August 15, 1907. The law applies to all lines having a gross earning of $3,500 a mile per annum. This will affect all of the larger lines of the State and some of the smaller ones.

BLOWN TO PIECES BY TWO BOMBS

Terrible Revenge of Russian Revolutionists on General Alikhanoff Tyrant.

THREE PERSONS WERE SLAIN

One of Them Was Madame Glieboff, Wife of Gen. Glieboff—Assassination Was to Avenge Cruelties of Alikhanof.

(By Wire to The Morning Star.)

Alexandropol, Russia, July 16.—General Alikhanoff, former Governor General of Tiflis, Madame Glieboff, wife of General Glieboff and the coachman who was driving their carriage, were blown to pieces by two bombs thrown at their conveyance at half past two o'clock this morning. A son of General Alikhanoff and a daughter of General Glieboff sustained serious injuries. The party was returning to the residence of General Alikhanoff from his club. The bombs were hurled in Beboutoff street.

General Alikhanoff was seriously injured by a bomb at Borjam May 30 of last year. This bomb was thrown just as he was about to take a train for Tiflis. Its explosion seriously wounded, in addition to the general, a member of his staff and several Cossacks. The remainder of the Cossacks fired into the crowd, killing many persons, and then burned to the ground the buildings into which the people had fled.

General Alikhanoff, the "pacifier" of Kulais Province, was the most hated in the Caucasus. For several months in the Fall of 1905,the government was completely in the hands of the revolutionists, they being in full possession of the railroad from the Black Sea to Suram Tunnel, which they had blown up previously. General Alikhanoff sent a column of Cossacks who laid waste the fertile Rion Valley. Hundreds of the inhabitants were slaughtered. Many of the men were driven into the mountains and the women were given over to the Cossacks. Fifty villages were wiped out The atrocities committed attracted the attention of the entire country.

ROANOKE'S SQUARE DEAL.

Virginia City Will Renumerate Greeks for Mob Violence.

(By Wire to The Morning Star.)

Roanoke, Va., July 16.—The special grand jury to investigate the riots of last Saturday night when a mob wrecked all the Greek restaurants in town, today heard thirty witnesses and will continue its work tomorrow. All the smashed restaurants but one reopened today. The Belmont restaurant, where the trouble started, is still closed and its proprietor has left town.

Two men arrested on the streets last night for offering to wager that there would be more trouble before daylight, were fined in the police court today.

A priest from the Greek Church in Washington arrived here today to make a personal investigation of the trouble. He is not here in any official capacity, but the report he will make will be made to the representatives of the Greek government at Washington.

In his message to the city council tonight, Mayor Joel Holomon Cutchin recommended that a committee be appointed with full power to take up the question of damages and to make such reparations as is just and settle the same without delay, and in this way, "convince the government, both State and National, that Roanoke can and will settle the matter according to justice and right, not taking advantage of any technicality, and in this way redeem the good name of the city as much as possible."

THE DEVIL AFTER ROOSEVELT.

He Called Yesterday and is Still Loose at Oyster Bay.

(By Wire to The Morning Star.)

Oyster Bay, July 16.—The usual Summer visitation of cranks to Oyster Bay in the hope of reaching the President began today with the advent of a woman of 70 years who wanted to go to Sagamore Hill to present a claim of $11,000,000. The secret service guards intercepted her and placed her on board an outgoing train. They were unable to discover on what she based her claim.

Just as she was leaving town an old man appeared at the village and announced in a loud tone: "I am the devil, and am going to see President Roosevelt." He has not yet been apprehended by the President's guards.

ORDER OF ELKS AT PHILADELPHIA

Two Strenuous Business Sessions in The City of Brotherly Love Yesterday.

ELECTION OF OFFICERS

Sharp Contests Over Some of the Positions—The New Grand Forum Parade and Other Spectacular Features Come Today.

(By Wire to The Morning Star.)

Philadelphia, July 16.—The Grand Lodge of Benevolent and Protective Order of Elks, after two strenuous business sessions today adjourned without announcement as to the result of its election. It is generally conceded, however, that Jno. K. Tener, of Charleroi, Pa., has been chosen Grand Exalted Ruler of the order.

Dallas, Texas, was chosen for the next convention and Grand Lodge reunion and Judge Henry A. Melvin appointed the following to constitute the Grand Forum: Charles E. Picket, of Waterloo, Iowa, for one year; Marc Rohner, Detroit, two years; William H. Moore, Seattle, three years; Thos. as J. Cogan, Cincinnati, four years, and Robert W. Brown, Louisville, five years.

The new body, which is really a court which will decide all matters within the organization, came into life with the adoption of the new constitution which went into effect today. Under the system of appointment adopted the forum will be infused with new blood each year, the term of one member of the body expiring annually.

Members of the order say there were several unexpected and close fights in the election. Grand Secretary Robinson stated there were 1,700 ballots to count and that there would be no official announcement until tomorrow morning.

NINTH VICTIM OF EXPLOSION.

One More Dies as Result of Accident to Battleship.

(By Wire to the Morning Star.)

Boston, Mass., July 16.—Edmund J. Walsh, seaman, died at the naval hospital at Cholsea this afternoon, the ninth fatality resulting from the accident on board the battleship Georgia in Cape Cod Bay yesterday. Twelve fnjuried remained in the hospital of whom Midshipman James F. Cruise, of Nebraska, and Seaman James P. Thomas, of Brooklyn, N. Y., are not expected to recover.

They contained flowers, and inside of each box was the card of Admiral Yamamoto, the Japanese naval officer who visited Boston yesterday. Messages of condolence were received from both him and President Roosevelt.

BONI DE CASTELLANE'S FINISH.

Final Decree of Divorce Entered. Countess to Pay His Debts.

(By Wire to the Morning Star.)

Paris, July 16.—The appeal of Count Boni de Castellane from the decision of the court on November 14, last, granting a divorce to the Countess Boni de Castellane (formerly Miss Anna Gould, of New York) was dismissed this afternoon and a final decree of divorce duly entered. Although the Count, under the law, has still sixty days in which to appeal to the Court of Cessation upon legal grounds, the judgment of today is regarded as final, insomuch as negotiations have been practically concluded by which Madame Guold is to settle the cases of the creditors both against herself and the Count out of court.
